

## UNION FEDERAL SAVINGS AND LOAN ASSOCIATION

This disclosure describes many important features about your account. The words "you" and "yours" mean those who own the account. The words "we", "us" and "our" mean the Association. If you have any questions, our phone numbers are listed in this brochure.

### FUNDS AVAILABILITY

Our policy is to delay the availability of funds that you deposit in your account. During the delay, you may not withdraw the funds in cash and we will not use the funds to pay checks that you have written. A deposit is considered "received" the first business day it is available to be posted. The chart below will determine the availability of a deposit:

<u>DESCRIPTION OF DEPOSIT</u>	<u>WHEN FUNDS CAN BE WITHDRAWN BY CASH OR CHECK</u>
Cash, wire transfers, cashier's certified teller's/government checks, checks on-us and the first \$275 of a day's deposit of other checks	*The first business day after deposit
Other checks	*The second business day after day of deposit

\*Every day is considered a business day, except Saturday, Sunday, and Federal Holidays.

Holds on other funds a transaction account customer has on deposit will be limited to two business days when cashing or accepting checks for deposit to an account.

Funds you deposit by check may be delayed for a longer period under the following situations:

- \* We believe a check you deposit won't be paid.
- \* You deposit checks totaling more than \$6,725 on any one day.
- \* You redeposit a check that has been returned unpaid.
- \* You have repeatedly overdrawn your account the last six months.
- \* There is an emergency, such as failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds for any of the above reasons and we will tell you when the funds will be available for withdrawal.

The following special rules will apply to a new customer during the first 30 days an account is open:

- \* Cash deposits and the first \$6,725 of a day's total deposits of "low risk" checks will be available on the first business day after your deposit, provided the deposited checks are payable to you. The excess over \$6,725 will be available no later than the ninth business day. "Low risk" checks include: cashier's, teller's, traveler's and state/local government checks. Funds from all other check deposits will be available no later than the ninth business day.
